## TOOL STORAGE

THE PROFESSIONAL'S CHOICE.

## 56" Mega Wagon Tool Center

3 piece set – Virtually a tool room on wheels.

- Heavy gauge, all steel, double wall construction supports heaviest loads.
- Full extension, heavy duty, ball bearing drawer slides on all drawers provide better performance and hold heavier loads.
- The extra deep chest and cabinet provide added drawer capacity, 3 to 4 inches of more storage space than average chests and cabinets.
- Top chest and roller cabinets lock with 2 tubular locks which are keyed alike (per unit) for greater security.
- Top chest includes 2 gas lifts in the lid which opens the lid with a turn of the keys.
- Rear locking mechanism, which runs the height of each unit, locks full-length drawers in at least two locations.
- Full length, extruded aluminum drawer pulls.
- Available in red, epoxy powder coat paint finish.
- Drawer liners are included.

### 12056 – 8-Drawer XQL Tool Chest with Ball Bearing Slides

- Includes 2 tubular locks for greater security.
- 2 gas lifts raise the lid when top is unlocked.
- Large till area for larger tools - 2-13/32" deep.
- 4 large heavy duty carry handles with rubber grips for a two person lift for placement.

	WIDTH	DEPTH	HEIGHT
<b>Overall</b>	<b>55-5/8"</b>	<b>23-7/8"</b>	<b>19-1/8"</b>

## XQL 41" Chest and Cabinet

### 41" x 18" Chest/Cabinet Features Include:

- All steel construction with steel double walls for more strength and greater durability.
- Heavy duty, full extension, ball bearing drawer slides on all drawers provide better performance and hold heavier loads.
- Rear locking mechanism, which runs the height of each unit, locks full-length drawers in at least two locations.
- Tubular locks provide added security.
- Recessed handles allow units to be positioned in work environments where space is tight.
- "Rally Red" epoxy powder coat paint finish resists rust and solvents.
- Roller cabinet has 5" x 2" rubber wheels with a large toe lock on each of the swivel casters (2 swivel & 2 fixed).

### 17710 – 10-Drawer XQL Tool Chest with Heavy Duty Ball Bearing Slides

- A gas shock in the lid pops it up with a turn of the key and keeps the lid open and accessible.
- Top chest has a clam shell lid construction, which provides better access and visibility to the till.
